WILL YOUR DEGREE LAND YOU A GOOD JOB?

What types of jobs will the degree you are pursuing prepare you for. What is the demand for these jobs. Please look at the US Bureau of Labor Statistics report on the top jobs over the next 10 years. The Callaway Foundation will only provide funding to students that can prove that their degree will increase their likelihood of good employment. A college degree alone is no longer all it takes to secure a good job. Your degree needs to be in an in demand field. *Write legibly.*

Students: Please provide the counselor's office with copies of all requested test scores and a form showing that you have completed the community service requirement. The form should include your name, the name of the community service project, the date the project was completed, the number of hours worked, signature of the director of the initiative, the director's name, phone number, and address. By applying for the scholarship **you are authorizing the release** of these scores, grade point averages and other data requested on this application to the selection committee.

Applicant's Verification: I certify that all the above information that I have listed within this application is true and complete to the best of my knowledge and belief. *Failure to provide correct and accurate data, pending criminal prosecution, or other acts that bring into question the moral character of the applicant may result in exclusion from consideration of any and all scholarship funds.* I understand that the selection committee reserves the right to interview, at a specified time, any/all scholarship applicants. I further understand that completion of this application is not a guarantee of receipt of funds and that no funds may be forthcoming. I am also aware that receipt of funds is dependent on several factors including but not necessarily limited to the level of invested funds and the return on those investments. I realize that continued receipt of certain scholarship funds may be dependent on criteria to be determined solely by the Callaway Foundation. I further acknowledge and accept that funds awarded (if any) must be claimed before November 1st of the year in which they are awarded and that funds not claimed before November 1st will be returned to the Callaway Foundation for any use that the Foundation may in its sole discretion deem appropriate. I further understand that once funds have been sent to a requested college, they will not be transferred by the Callaway Foundation to any other college.
