

Cameron Independent School District

Administrative Procedures Manual 2020-2021

PREFACE

In accordance with School Board Policy, BP Local, the Superintendent and administrative staff shall be responsible for developing and enforcing procedures for the operation of the District. These procedures shall constitute the administrative regulations of the District and shall consist of guidelines, handbooks, manuals, forms, and any other documents defining standard operating procedures. The Administrative Procedures Manual is intended to be a "living" document, which will be revised and updated as the requirements of the District change.

The Superintendent shall approve this Administrative Procedures Manual as appropriate, if district, federal, state or local changes in regulations or policy warrant immediate changes. **Administrative regulations [procedures] are subject to Board review but shall not be adopted by the Board.**

There is an underlying assumption that the individuals for whom it was written will have a general understanding of the financial process in a school system. The major purpose is to provide consistency and standardization in administering and documenting school business activities throughout CISD.

These business procedures are published in an effort to ensure the District's compliance with Board policy and GAAP (generally accepted accounting procedures). If a conflict exists between Board policy and this manual, Board policy will prevail.

800 Fiscal Procedures

801 AccountCodeStructure

The Financial Accounting & Reporting Module of the Financial Accountability System Resource Guide (FASRG) contains the required accounting code structure. The appropriate fund, function, object, organization, fiscal year, and program intent code must be used for all financial transactions. Local use codes, such as the sub-object, shall be in accordance with district procedures. Use of the appropriate accounting code structure is mandatory. The code structure is available on the TEA website at www.tea.state.tx.us.

The account code used for all financial transactions must match the intended expenditure. If funds do not exist in the appropriate account code, a budget amendment and/or transfer shall be submitted to the business office to appropriate the necessary funds in the appropriate account.

Failure to adhere to the required account code structure may result in data quality errors in PEIMS reporting and the district's financial statements. Additional consequences may be the loss of funds due to non-compliance with audit or grant requirements.

802 Activity Funds - Overview

Activity funds are managed using a decentralized system. All monies collected should be receipted in a receipt book [bound] and have a form.

Checks shall be generated as needed. All supporting documentation shall be submitted prior to the check processing. Requests for emergency checks shall be kept to a minimum and shall be subject to approval only for extenuating circumstances.

Generating activity funds shall not in any way compete with the district's National School Lunch Program [NSLP]. Activity funds generation shall be a passive activity and shall not detract from the district's overall primary educational purpose. The generation and expenditure of activity funds shall be held to the same standard and scrutiny as that of appropriated funds. Activity funds shall be audited and must adhere to accepted business practices.

The district has a single Activity fund account, which is in the district's depository bank. Balances of individual clubs will be kept by the business office and reconciled to depository bank statements monthly. All monies received by activity funds must be deposited into this account and all disbursements must be made via a properly authorized check drawn on this account. The Campus Principal and Campus Secretary will sign all Activity checks. The Activity fund bank account is an interest-bearing checking account. Interest will be used to offset cost to operate and maintain student activity program.

Two tax-free sales per district, campus, and bona fide clubs or organizations shall be allowed each *calendar* year. The tax free days must occur on a single day (defined as a 24-hour period) or over a period of time as pre-sales with a single delivery date. Sales or fundraisers held outside of the tax free days are subject to sales tax. Each campus shall collect sales tax on all taxable sales.

The campus shall report the total taxable sales for each month to the Business Office no later than the 10th of the following month. The district will calculate the applicable sales tax, generate a check charging the appropriate amount to each school, complete the sales tax report, and remit the payment to the taxing authorities.

Campus or Department

Campus activity funds shall be primarily used to benefit students and the District in accordance with School Board Policy CFD Local. Typical uses include field trip fees, awards, incentives, etc. These funds shall not be used for "gifts" to students and/or staff. Budgeted funds shall not be used to generate activity funds, nor shall staff (administrative or support) earn wages while generating activity funds. Giving of staff time to generate activity funds shall be voluntary.

Campuses may establish a faculty account (such as Hospitality or Sunshine) with voluntary donations from staff. These funds are not district funds and may be used in any manner. Purchases with these funds are subject to sales taxes as they represent personal purchases and not district purchases. Purchases typically include flowers for ill staff members, employee recognition awards, etc. These funds shall be deposited and expended from an Agency Fund.

Student Organizations

A Student Activity account shall be defined as a trust account for a bona fide student group as evidenced by a Constitution, By-Laws and elected officers. These documents should be on file with the campus office and include at least a current list of officers and the sponsor(s)'s name.

The group should have a **plan that outlines its activities** for the year. Service projects, major fundraisers, and other activities should be spelled out in the plan. This plan must be approved by campus administration.

Student activity funds shall be used exclusively for the benefit of students. Typical uses include travel, awards, banquets, supplies, etc. These funds shall be used at the discretion of the student organization through designation of one or more of its officers.

The assigned organization sponsor (professional staff member) shall be responsible for the proper management of the student activity accounts. All purchases shall be supported by club meeting minutes indicating approval of the expenditure.

Since Student Activity Accounts are trust funds that the campus manages on behalf of the students, accountability for these funds is extremely high. All Activity Account records must be maintained for a period of 5 years. This includes merchandise logs, receipt logs/books, profit/loss statements, etc. At the end of every school year, the principal or designee, as part of the closeout procedures, shall collect all club records for storage on the campus for one (1) year, then sent to the Administration building for archiving and then placed in the Records Center for the rest of the archival period of time.

803 Audits

Audits may be conducted throughout the fiscal year by business office staff and/or regulatory agencies. Audits may include the annual financial audit, the Single Audit (federal grant funds), activity accounts, payroll, attendance accounting, PEIMS, drop-out, state compensatory education, or other audits as deemed appropriate. The two most comprehensive audits are noted below:

Annual Financial Audit

An annual financial audit must be conducted by an independent CPA firm selected by the district [Board of Trustees] and reviewed by the TEA Division of Financial Audits. The annual financial audit must be submitted to the TEA Division of Financial Audits by the established deadline of 150 days after the end of the fiscal year, specifically for the district's fiscal year ending August 31st, the report shall be filed by January 29th. In addition, the audit report should be filed with the following: Dun & Bradstreet, Municipal Advisory Council, bond debt issuers, and depository Bank. The C-3 schedule shall also be published in the local newspaper.

The role of the CPA firm is to conduct a district-wide audit of the district's financial statements, internal control procedures, and to test transactions to determine compliance with local, state and federal regulations. All financial transactions shall be in accordance with local, state and federal audit guidelines. The Financial Accountability System Resource Guide (FASRG) posted on the TEA website shall be utilized to ensure awareness of audit compliance areas. In addition, the OMB Circular A-133 shall be utilized to ensure awareness of audit compliance areas for all state and federal grant funds.

The Business Manager is responsible for coordinating and overseeing the annual financial audit.

Single Audit

The Single Audit Act and OMB Circular A-133 require school districts that expend total federal financial assistance (FFA) equal to or in excess of \$500,000 in a fiscal year to have an audit performed in accordance with the Act. School districts expending less than \$500,000 in federal financial assistance in a fiscal year are not required to have either an audit under the Single Audit Act and OMB Circular A-133 or a *program audit*, however, they must maintain records to support federal financial assistance programs and must have a financial audit performed under generally accepted auditing standards (GAAS) and *Government Auditing Standards (GAS)*, also referred to as the Yellow Book. The single audit must be conducted in accordance with United States Office of Management and Budget, OMB Circular A-133 and the OMB A-133 Compliance Supplement. The Business Manager is responsible for coordinating and overseeing the single audit.

804 Budget Adoption

The district must adopt a budget not later than August 31st of each year. The Board of Trustees shall publish a notice and conduct a public hearing regarding the budget prior to adoption of the budget. The district must also publish a notice regarding the proposed budget on the district website.

At a minimum, the Board of Trustees shall adopt a budget that includes the General Fund, Food Service Fund and Debt Service. The budget shall be adopted at the function code level; therefore, any changes to the budget at the functional level, shall be approved by the Board of Trustees prior to exceeding a functional expenditure category.

The adopted budget shall be reported to TEA on an annual basis through the fall PEIMS submission. The Business Manager shall be responsible to coordinate the development and adoption of the district budget.

Every campus and department shall be responsible for monitoring and amending their respective budget to ensure that it meets the identified needs of the campus or department. The adopted budget shall correlate directly and/or indirectly to the District Improvement Plan and Campus Improvement Plans.

Budget Amendments

A budget amendment is defined as a transfer of funds across different functions. For example: a budget amendment would result if instructional funds (function 11) were requested to be transferred to the library (function 12). Budget amendments must be stated in whole dollars and be approved by the Board of Trustees. School Board approval is required prior to exceeding the budget

Requests should be submitted to the business office in accordance with agenda deadlines posted by the Superintendent. Remember that if a purchase order is pending the outcome of a budget amendment, the purchase order will not be processed until after the School Board has approved the request.

The Business Manager or Accounts Payable/Purchasing Specialist will post the board approved budget amendments to the General Ledger.

Budget Transfers

A budget transfer is defined as a transfer of funds which is not across different functions. Budget transfer line items must be stated in whole dollars.

To keep budget transfers to a minimum, each budget manager should review his/her budget on at least a monthly basis to determine if any budget transfers are necessary.

The Business Manager or Accounts Payable/Purchasing Specialist will post the budget transfers to the General Ledger.

805 General Ledger Maintenance (t)

[Note: During the payroll posting process, the Payroll/HR Specialist must print and verify that all payroll accounts exist on the general ledger. If accounts do not exist on the general ledger, the accounts should be verified for accuracy and if accurate, the list of account codes must be submitted to the Business Manager to ensure that the appropriate accounts are created in the finance system.

805.2 Journal Entries (t)

All general ledger entries shall be in balance (debits shall equal credits). A green bar form shall be used to document all entries. All journal entries shall be numbered for tracking purposes. An automated numbering system shall be utilized by the district. The Business Manager shall be authorized to create journal entries and the Business Manager or Accounts Payable/Purchasing Specialist will post journal entries to the general ledger.

The posted cash receipt journal shall match the bank's validation of the deposit.

Ongoing, daily data entry validation greatly increases the accuracy of the fund accounting and facilitates reconciliation of the monthly bank statements with the general ledger.

813 Data System Security & Access to Records (t)

Business office staff handles and/or processes a substantial amount of confidential information. All staff is strictly prohibited from revealing confidential information to an unauthorized individual. Unless required by Federal, state, and local statute, the district is not required to permit public access to their records. The district shall make all grant-related records available for access to the federal granting agency and/or pass-through entity upon request.

Among the most critical information is documentation related to employee's Personally-Identifiable Information (PII) such as health, benefits, financial, family members, or other personal information. Violators will be subject to discipline, employment termination, and/or may be reported to the appropriate legal authorities.

Violations of some protected information, such as health or medical information, is also protected by federal laws, such as HIPPA.

Unless notified otherwise by the federal granting agency, the district shall retain all financial and program records related to the grant award in accordance with the federal grant. Upon request from the federal granting agency, the district shall transfer the records to the requesting federal agency.

The business office staff shall be authorized to access the district's financial and/or payroll system(s) for job-related purposes only. Use of the systems for personal reasons or benefit will result in disciplinary action, up to and including employment termination.

Each staff member shall take appropriate steps to ensure that their respective computer system is managed in a controlled environment to prevent unauthorized access. At no time (including lunch breaks) shall a computer system be logged on to a financial data system while unattended by the respective staff member.

813.1 Assignment of Access and Passwords(t)

Access to data systems shall be based on the specific job duties and responsibilities of each staff member. Except for limited exceptions, staff will not be given unilateral access to all modules in the financial and payroll system. For example, a payroll staff member will not have access to the human resources system unless the access is limited in scope and "read-only". These restrictions to unilateral access are designed to prevent complete autonomy which could lead to fraud.

Each staff member shall be responsible for securing their assigned (selected) password. At no time shall passwords be shared with others or posted in visible locations within the staff member's work space. Violators of this restriction shall be subject to disciplinary action, including but not limited to employment termination.

Data system access to the authorized modules shall be determined by the Technology Director and Business Manager. Each staff member shall have access to their respective database(s) and tabs within a database based on their position. Security roles will be established and assigned with the specific access to each module. In the event that a staff member gains access, due to human or software error, that he/she is not entitled to, it is the responsibility and duty of the staff member to notify the Security Administrator (Technology Director), or Business Manager, regarding the ability to access the restricted database or module(s).

813.2 Revoking Access (t)

If School Board approval is also required for an overnight or out-of-state trip, an action item must be placed on a School Board meeting agenda.

If a district-owned vehicle or school bus is requested, a form approved by the Campus Principal or Department Administrator with the number of students attending, departure and return times shall be submitted to the Transportation Director at least two (2) weeks prior to the trip. If the requester will be driving a district-owned vehicle, he/she must be listed on the Authorized Driver List.

- TV,
- VCRs,
- Digital Cameras,
- Camcorders,
- E-Readers,
- I-Pads,
- Chrome Books, and
- Other items that may have a personal use.

Inventory items are tracked and recorded on the district's inventory tracking system. Inventory items are also tracked for insurance purposes.

817 Fraudulent or Other Dishonest Acts

All Board of Trustees, employees, vendors, contractors, consultants, volunteers and other parties involved with the district shall act with integrity and diligence in duties involving the District's financial resources. Fraud and other dishonest acts will not be tolerated by the district. Violators shall be disciplined, may be terminated and may be reported to the appropriate authorities.

Any and all concerns about potential fraudulent activities should be reported to any supervisor, the Superintendent or designee, the Board President, or local law enforcement, per School Board Policy CAA Local. Neither the Board, nor any district employee, shall unlawfully retaliate against a person who in good faith perceived fraud or financial impropriety.

The report shall include the findings, action(s) taken and/or recommendation(s) for action. If any employee is found to have committed fraud, they shall be subject to disciplinary action, up to and including termination of employment and referral to law enforcement or regulatory agencies, as appropriate.

818 Fundraising Activities

Fund raising activities by student groups and/or for school sponsored projects shall be allowed, with prior administration approval and under the supervision of the project sponsor, for students in all grades. All fund-raising projects shall be subject to the approval of the principal.

Student participation in approved fund-raising activities shall not interfere with the regular instructional program. Merchandise ordered for resale should be distributed to students on a written distribution log. The written distribution log should reconcile with the corresponding invoice and/or packing list. All fundraising documentation shall be subject to audit and must be kept on file for five (5) years from the date of the fundraising event.

Money raised by student clubs shall be used to benefit the group as a whole rather than being credited to student individual accounts. According to the IRS Publication 557, if individual accounts are used to accumulate fundraising profits for individuals, then

- a) the money becomes taxable to the student; and
- b) the people who donate in good faith are not allowed to deduct their contributions.

For example, if students are raising money for their club to pay for an out-of-town trip, the entire amount collected should be divided by the students participating in the trip regardless of the amount that each individual student raised through fundraising activities.

Two tax-free sales per district, campus, and bona fide clubs or organizations shall be allowed each calendar year. The tax free days must occur on a single day (defined as a 24-hour period) or over a period of time as pre-sales with a single delivery date. A fundraising calendar should be maintained to ensure compliance with the limitation of two sales per calendar year. Sales or fundraisers held outside of the tax free days are subject to sales tax. Each campus shall collect sales tax on all taxable sales. This may do this in one of two ways:

- the total price of the item(s) sold may be adjusted to include sales tax, or
- sales tax may be added to the purchase price of the item(s).

In either case, the campus shall report the total taxable sales for each month to the Business Office no later than the 10th of the following month. The district will calculate the applicable sales tax, generate a check charging the appropriate amount to each school, complete the sales tax report, and remit the payment to the taxing authorities.

819 GiftCards

District funds shall not be used to purchase gift cards. According to the Internal Revenue Service (IRS), gift cards in any amount are taxable to the employee and must be reported as taxable wages. Gift cards, if any, issued to employees should be processed through the employee's paycheck.

According to IRS regulations, gift cards donated to the district by outside sources are also taxable to the employee if awarded to the employee by the district. Gift cards shall not be issued to staff without prior approval from the Superintendent or Business Manager.

All receipts for purchases made with gift cards received from an outside source for merchandise should be returned into Accounts Payable/Purchasing Specialist.

820 Invoices

Vendors are required to submit all invoices to the business office, yet occasionally an invoice will be mailed directly to a campus or department. If any invoices are received at the campus or department, they should be signed (if the goods/services were received), and forwarded to the business office.

Texas law requires that all invoices be paid to vendors within 30 days of receipt of the goods/services. If the district fails to pay promptly, the vendor can assess penalty interest charges. If a staff member neglects to submit an invoice on a timely basis, he/she may be held personally liable for the penalty interest charges.

Requests for reimbursement from other entities shall be processed through a district invoice. Campuses and departments shall submit their reimbursement documentation to the business office for preparation of the district invoice. The Business office issues invoices for reimbursement requests from outside entities as needed. The invoices are tracked so that funds are collected on a timely basis. The Accounting/Purchasing Specialist is responsible for preparing district invoices.

821 Long Distance Calls

Personal long distance calls are not allowed unless it is a true "emergency".

822 Payroll Procedures

Every non-exempt employee shall record *all of their own* work hours through TimeClock Plus. Failure to clock-in or out may result in non-payment of unverified work time and disciplinary action. Falsification of payroll records such as reporting excessive work hours or participating in a practice of clocking in/out for other employees constitutes fraud. Violators will be subject to disciplinary action, up to and including termination of employment.

The Payroll/HR Specialist will run a monthly Time Sheet for all non-exempt employees and Campus Principal or Department Administrator to approve.

All non-exempt employees shall comply with the work schedule assigned by their Campus Principal or Department Administrator. All overtime shall be pre-approved by the Campus Principal or Department Administrator and submitted to the business office. Overtime for maintenance, transportation and custodial employees will be paid overtime earnings monthly. An employee who repeatedly works in excess of his/her assigned work schedule, without authorization, will be subject to disciplinary action, up to and including termination.

All employees shall report absences in Aesop and are subject to approval by their Campus Principal or Department Administrator.

Supplemental payment forms for tutorials, after-school, and game workers shall be generated by the respective employee, approved by the Campus Principal or Department Administrator and submitted to the business office by the 10th of the following month. The supplemental payments will be processed for the next pay period. Supplemental payments should include the following: employee name, reason for pay, date(s) worked, and be supported by sign-in sheets (if applicable).

All payroll disbursements shall be coded to the appropriate account code in compliance with the Financial Accountability System Resource Guide (FASRG). Disbursements from state or federal grant funds shall also comply with Edgar 2 CFR §200.430. Please refer to section 902.7 Cost Principals for more detailed information regarding payroll disbursements and record keeping for state and federal grants.

823 Purchase Requisition and Order Forms

A purchase order form is used to purchase supplies, equipment, or services from an external vendor. Requisition forms should be created using the Purchasing application in TxEIS by the requesting campus or department and submitted to the Campus Principal or Department Administrator for approval of a purchase order. Final approval for all purchase orders will be given by the Superintendent. The electronic system allows users to enter purchase requests electronically, verify account balances, select pre-approved vendors, etc. at the point of data entry. Budget codes must be noted on all requisitions. Supporting documentation such as order forms, graphics, etc. shall be submitted to the business office.

After the requisitions pass all electronic approvals, a copy of the requisition will be sent to the requester with the purchase order number. Each purchase order is uniquely numbered for audit tracking purposes. The purchase order then must be printed by the requester and kept until the order has been completely fulfilled. Upon completion of the order or services, the requester will sign the purchase order as "Received" and send to the business office for payment. All purchase orders sent to the business office must have supporting documentation attached (packing slips, order summaries, registration forms, students attending, etc.). No employee shall order or receive goods without an approved purchase order. A requisition cannot be used to place an order. All purchase orders should be mailed, emailed or faxed to vendors by the requestor unless assistance is needed from the business office. Exceptions, if any, should be approved by the Business Manager.

For budget accounts, all purchase orders, supporting documentation and questions should be sent to Accounts Payable/Purchasing Specialist. For activity accounts, all purchase orders, supporting documentation and questions should be sent to campus secretary.

According to Board Policy CH (Local), employees who violate the district purchasing procedures shall be held personally liable for the debt incurred. [Note: District employees shall not be permitted to make purchases for personal use through the District as per Board Policy CH Local.]

Please refer to Section 902.53 Procurement Methods for purchases of goods or services from state or federal grant funds.

Purchasing Laws

The Texas Education Code (TEC) addresses the requirement to competitively bid purchases that exceed \$50,000, in the aggregate, over a 12-month period. Since non-compliance may result in criminal penalties, this requirement will be strictly enforced. The district has implemented an administrative procedure to solicit quotes for purchases, which exceed \$10,000, in the aggregate, over a 12-month period. Cameron ISD has established purchasing levels and requirements as included in Illustration #1.

Sealed Bid Procedures

The **Procurement by Sealed Bids** method shall be used by the district when the purchase of goods or services exceed \$50,000 if the acquisition of the goods or services lends itself to a fixed price contract and the selection of the successful bidder can be made principally on the basis of price. - purchase orders, as appropriate
- The district shall notify all of the unsuccessful bidders to ensure that qualified bidders are encouraged to submit bids during future bid opportunities

Competitive Proposal Procedures

- Requests for Proposals (RFP) must be publicly advertised
- The RFP shall identify the evaluation factors and their weight in awarding the proposal
- Proposals shall be solicited from an adequate number of bidders, but no less than two (2) qualified vendors

- The granting agency or pass-through entity authorized the use of a non-competitive proposal method
 - The district shall obtain written approval/authorization from the granting agency or pass-through entity.
- After solicitation of a number of sources, competition is determined to be inadequate
 - The district shall determine that competition is inadequate if after two (2) solicitations of bids and/or proposal, only one vendor is responsive to the solicitations

Purchasing Deadlines

In an effort to maximize the use of budgeted during the current fiscal year, the purchasing deadline for **supplies and equipment** shall be April 30. Summer needs for staff development and summer school should be anticipated and ordered prior to the deadline. Purchasing documents for **services and travel** should be submitted by June 15th. At times, the purchasing deadlines for state or federal grants may be earlier than the deadlines stated above due to grant ending dates. The specific purchasing deadlines for state and federal grants will be distributed on an annual basis by the Business Manager.

830 State and Federal Grant Management (t)

The Office for Grants and Fiscal Compliance (GFC) at Texas Education Agency is responsible for managing all discretionary and formula grants, ensuring the agency's compliance with federal grant requirements, and conducting audits and reviews of all local educational agencies (LEAs). (formerly housed in the Office for Accreditation)

Compliance with all federal and state grant requirements is essential to ensure that all granted funds remain with the district. Failure to comply with grant requirements may result in denial of reimbursement requests and/or requests from the granting agency to return a portion or in some cases all grant funds. The Texas Education agency acts as the pass-thru entity for many of the United States Department of Education (USDE) federal grants.

Federal Regulations for Federal Grant Awards

All federal grant funds are subject to the compliance with Administrative (EDGAR) and Programmatic (NSLP, IDEA, etc.) regulations for each federal grant award.

When the district's local policies and/or procedures conflict with the federal regulations, the district shall comply with the more restrictive regulations of federal and state grants management.

Overview of the Education Department General Administrative Regulations (EDGAR). The EDGAR, as amended on December 26, 2014, includes five (5) subparts under 2 CFR Part 200 of EDGAR as noted below:

- Subpart A-Acronyms and Definitions
- Subpart B-General Provisions
- Subpart C—Pre-Award Requirements

Upon return, all credit receipts (detailed, itemized) shall be submitted to the business office within five (5) days of the return date to ensure prompt payment to the vendor. If receipts are not submitted on a timely basis, these charges will be posted to the campus' activity account until receipt of the supporting documentation or subject to immediate reimbursement by the employee. If a receipt is not received from the purchaser, the purchaser may be held liable for reimbursement of the entire purchase.

The employee must submit a [sales Tax Exemption](#) and/or [Hotel Occupancy Tax Exemption Form](#) to the merchant during travel to avoid sales and state hotel occupancy taxes on transactions. If the purchaser fails to submit the Sales Tax Exemption and/or Hotel Occupancy Tax Exemption form, the purchaser shall promptly reimburse the sales or state occupancy taxes to the district. A copy of the receipt for reimbursement of paid taxes shall be attached to the purchase order for audit purposes.

For meals, if no students are traveling, then meal allotments should be reimbursed using a Travel Reimbursement form. Meal allotments for employees is found on the Texas State Comptrollers website and is dependent upon city and/or county location. The meal per diems shall be adjusted in accordance with IRS regulations regarding the day of departure/return and meals provided without cost as part of the registration fee.

For meals when traveling with students there are two options:

- Submit a purchase order if the restaurant will invoice the district for the meals, or
- Submit a purchase order payable to the employee for the meal allotments.

Meal allotments for students are \$8 for breakfast, \$10 for lunch, and \$12 for dinner. Once the purchase order has been approved and assigned a purchase order number, the purchase order must be submitted to the business office with supporting documentation and a list of students attending. The business office needs at least five (5) days to get a check processed. Upon return, all credit receipts (detailed, itemized) shall be submitted to the business office within five (5) days of the return date. If receipts are not submitted on a timely basis, a campus or student activity account will be charged for reimbursement until receipt of the supporting documentation or subject to immediate reimbursement by the employee. If a receipt is not received from the purchaser, the purchaser may be held liable for reimbursement of the entire purchase. If the meal allotment cash is handed directly to the students, then a list of students with their signatures must be submitted the business office in place of receipts. Any unused meal money must be returned to the business office within two (2) days of the return date. All meal money advancements not settled within the calendar year shall receive a 1099 form or become taxable to the employee.

If the restaurant will invoice the district, then the employee will just submit the signed PO as "Received" with a copy of the receipt to the business office upon return.

When traveling, it is also allowable to seek reimbursement after the trip as long as the immediate supervisor has approved the trip. An approved purchase order with supporting documentation (registration or itinerary to support the trip) and itemized receipts will be required for reimbursement. Failure to submit required documentation will result in non-reimbursement. The business office will not reimburse for sales or hotel occupancy tax.

Mileage rates are subject to the Texas Comptroller of Public Accounts reimbursement rates published by TEA: [http://tea.texas.gov/About TEA/News and Multimedia/Correspondence/TAA Letters/Travel and Mileage Reimbursement/](http://tea.texas.gov/About%20TEA/News%20and%20Multimedia/Correspondence/TAA%20Letters/Travel%20and%20Mileage%20Reimbursement/)

This form is not applicable to out-of-state travel.

832 Vendors

Purchases from vendors that operate on a cash basis (do not accept purchase orders) or cash on delivery (COD) will not be allowed. The district participates in several cooperative purchasing programs. A list of these programs is available from the business office. Priority should be given to these vendors since the goods and/or services have been subjected to the rigor of a competitive bid process.

Requests to add new vendors shall be accompanied with a New Vendor Packet. The packet shall include the following. Other documents may be required based on the services to be performed by the vendor.

- W-9 form,
- Conflict of Interest Questionnaire (CIQ), and
- Felony Conviction Notice
- Other documents may include a Criminal History check if the vendor will work directly with students, and/or a Certificate of Insurance if the vendor will perform services on district property. The Certificate of Insurance shall include the minimum level of insurance in the areas of auto liability, general liability, and workers' compensation.

The W-9 Form is essential to add the business or contractor to the vendor database. The name of the vendor, as stated on the W-9 Form, shall be entered on the vendor database. Payments will not be issued without a W-9 Form on file.

As a matter of law, all existing and new vendors shall be required to complete and file a CIQ. The governing body (School Board) and the Superintendent shall complete and file Local Government Officer Conflicts Disclosure Statement (CIS) with the business office.

The Felony Conviction Notice shall be collected from all vendors that enter into a contract with the school district. The Texas Education Code, Section 44.034(a) states that a person or business entity that enters into a contract with a school district must give advance notice to the district if the person or an owner or operator of the business entity has been convicted of a felony. The district must compensate the person or business entity for services performed before the termination of the contract.

Lastly, Section 44.034 (c) states that this section does not apply to a publicly held corporation. In addition to the felony conviction verification, the district shall obtain a criminal history background check and/or fingerprinting verification for all vendors that will work directly with students.

900-State and Federal Programs/Grants(t) 901

State Programs - Allotments

State Program allotments are estimated and paid to school districts through a Summary of Finance template created by the Texas Education Agency. The actual state allotments are calculated as noted below in each respective section. A settle-up process occurs at the end of each fiscal year-funds owed to a district are paid by TEA and funds owed by a district are paid to TEA (or TEA reduces the following fiscal year funds by the amount owed to the state).

Enhanced Services - PIC 2X - ~~3X~~

- PIC 21 Gifted & Talented*
- PIC 22 Career & Technical Education
- PIC 23 Special Education
- PIC 24 Accelerated Education (State Compensatory Education)
- PIC 25 Bilingual and ESL Education
- PIC 28 Disciplinary Alternative Education Program – Basic
- PIC 30 Title I, Part A School-wide Activities related to SCE (Campuses with 40% or more educationally disadvantaged students)
- PIC 31 High School Allotment**

*PIC 21 is not a state-funded program as of HB 3 (2019), but should continue to be used to classify GT-related expenses.

**PIC 31 was discontinued with HB 3 (2019), but residual funds (if any) should continue to be coded to PIC 31 until 100% of the High School Allotment has been expensed.

If the "intent" of particular course or program is one of the Enhanced Services, the appropriate PIC shall be used for the expenditures even if an incidental student(s) benefit from the program. For example, the salary of a Bilingual Instructional Aide should be paid 100% from PIC 25, if the intent of his/her position is to support Bilingual students even though 1 or 2 non-Bilingual students also benefit from a small group instructional setting.

At the beginning of each school year, the salaries of all staff should be determined based on their position and assignment. Specifically, we need to know the following:

- | | |
|--|---|
| • What will the employee do? | Determines the function code |
| • What is the FLSA status of the employee? | Determines the object code (Exempt staff -6119 and Non-Exempt staff - 6129) |
| • Where will the employee work? | Determines the organization code (may be split) |
| • Who will benefit? | Determines the population served or PIC (may be split) |

Determining the correct payroll account distribution code(s) is critical to ensure that all payroll costs are expensed in the correct account code(s). This is extremely important for staff assigned on a partial or full time basis to support a special program. Only the payroll costs for services whose intent is to serve one or more special program may be charged to the special program PIC.

By September 30th, each school year, the Campus Principals and Business Manager shall jointly prepare a Staff FTEs report that is based on the campus Master Schedule. The Staff FTE report shall reflect the names of all staff, the position, and the assignment(s) by PIC code. For example, a teacher that teaches 4 special education classes and 4 career and technical education courses, should have .5 FTEs in PIC 23 and .5 FTEs in PIC 22. [Note: The master schedule shall reflect the teaching assignment for all teachers and every course section shall reflect the "intent", or population served code.] The population served educationally disadvantaged students)

- Population Served Code 04 PIC 21 Gifted and Talented
- Population Served Code 05 PIC 22 Career & Technical Education
- Population Served Code 06 PIC 23 Special Education
- Population Served Code 03 PIC 24 Accelerated Education (State Compensatory Education)
- Population Served Code 02 PIC 25 Bilingual Education
- Population Served Code 07 PIC 25 ESL Education
- Population Served Code 03 PIC 28 Disciplinary Alternative Education Program

Supplemental

- Population Served Code 03 PIC 30 Title I, Part A Schoolwide Activities related to SCE (Campuses with 40% or more educationally disadvantaged students)

All staff assigned to support all students, not specifically served in a special program, shall be coded as basic population served (01) and the basic program intent code (11).

Campus Principals shall also submit a Staff FTE report for non-campus administrative staff by September 10th at the beginning of each fiscal year. The PIC codes for the non-campus staff shall reflect what they do, where they are assigned to work, and the special program(s) that they support.

The Staff FTEs reports shall be submitted to the Business Manager no later than the deadline of September 10th at the beginning of each fiscal year. The Business Manager shall verify the Staff FTEs and ensure that funds are budgeted in the appropriate payroll account codes. Budget changes and/or amendments, if any, shall be prepared by the Business Manager. [Note: The minimum spend percentages shall be verified again to ensure that the budgeted amount by PIC still meets or exceeds the minimum spend percentage by special program.]

After approval of the Staff FTEs reports, the Business Manager shall work with the Payroll/HR Specialist for the purpose of updating the payroll distribution record(s) of each district employee.

Campus Principals shall be responsible to ensure that any changes to staff assignments are submitted to the Business Manager within five (5) days of the assignment change. The prior process of verifying the FTEs/account codes, approval of the FTE report, and submission of the reports to the payroll department shall occur upon the receipt of assignment changes.

All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The Special Program Administrator with oversight responsibility to certify the Special Education program data prior to submission to TEA shall be the Bureson Milam Special Services and District Diagnostician.

There are thirteen (13) at risk indicators in state law. The School Counselors at each campus shall be responsible for identification of all at risk students. The at-risk student enrollment shall be reported to TEA through the PEIMS Fall Submission.

The SCE program compliance is unlike the other special programs in that it requires specific documentation as outlined in the Financial Accounting System Resource Guide (FASRG) Module 9. The District Improvement Plan (DIP) and Campus Improvement Plans (CIP) are the primary source of documentation for the expenditure of SCE funds. According to TEA, annually within 150 days after the last day permissible to send data for the PEIMS data FINAL Midyear resubmission 2 (typically late July), the District shall electronically submit a PDF version of the DIP and at least two (2) CIPs through the TEASE system. The determination regarding which CIPs to submit to TEA shall be based on the TEA guidelines in the FASRG, Module 9.1.2 Summary of Filing Requirements. These acronyms and definitions are used throughout this manual. One of the most critical definitions is that of a "non-federal entity". When this definition is used it refers to the "school district", as a recipient of a federal grant award.

General Provisions:

The District shall comply with all General Provisions of EDGAR (Subpart B). Specific areas of compliance are noted below:

1. The District has established a conflict of interest policy for all federal grant awards and shall disclose in writing any potential conflict of interest to the granting agency. The same conflict of interest questionnaire that is used for other district functions shall be utilized for compliance with this provision. The Local Government Officer Conflicts Disclosure Statement shall be completed by all district *staff* involved in federal grant awards: Superintendent, Assistant Superintendent, Finance Department, and Campus Principals. Conflicts of interest, if any are reported, shall be posted on the district's website and reported to the granting agency. The Business Manager shall be responsible for overseeing and collecting the conflict of interest questionnaires.

2. The district shall comply with all additional conflict of interest requirements required by the federal granting agency and/or the pass-through entity (TEA).
 - a. The District shall disclose in writing to the granting agency and/or pass-through entities any potential conflict of interest concerning the expenditure of federal or state grant funds. The TEA Division of Grants Administration Conflict of Interest Disclosure Form shall be used to disclose the potential conflict.
 - b. The District shall disclose in writing to the granting agency and/or pass-through entities any violations of federal criminal law including fraud, bribery or gratuity violations affecting a federal grant award. Upon detection of any fraud, abuse or waste with federal grant funds, the District shall promptly notify the proper legal authorities and pursue appropriate criminal and/or civil actions. The TEA Division of Grants Administration Conflict of Interest Disclosure Form shall be used to disclose the violation(s).
 - c. The Business Manager shall be responsible for overseeing, reporting and documenting any fraud, abuse or waste of federal grant funds.
 - d. The Superintendent shall be responsible for completing the Certification Statement on the TEA Division of Grants Administration Conflict of Interest Forms.
 - e. The District shall reclassify fraudulent expenditures made with federal grant awards to local district funds, i.e. the General Fund.

Conflict of Interest Forms:

- **Conflict of Interest Disclosure Form - TEA Division of Grants Administration**
- **Mandatory Disclosure Form - TEA Division of Grants Administration**

All district employees are prohibited from soliciting gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award.

In addition, all district employees are prohibited from accepting unsolicited gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award that exceed an nominal (individual) value of \$25 [IRS business gift limit] and an aggregate value of \$100 [or current Conflict of Interest limit, whichever is less] in a fiscal year. The unsolicited gifts or tokens may not include items prohibited at a public elementary and secondary schools such as drugs, tobacco or alcohol products (2 CFR §200.318(c)(1)).

District employees who violate this administrative directive shall be subject to disciplinary action, up to and including termination of employment with the district. Violations that exceed the federal Conflict of Interest thresholds shall be reported to the federal granting agency and/or pass-through entity by the Business Manager.

Pre-Federal Award Requirements:

The federal awarding agency and pass-through entities are required to evaluate the risk of the District in respect to financial stability, quality of management system, history of performance (grants), audit reports and ability to effectively implement the grant program.

The District shall implement strategies as noted below to ensure that its risk level for federal grants management is determined to be "low":

1. Timely submission of all required programmatic and financial reports

3. Ensuring that all grant-related staff are properly trained in their respective grants management role on at least an annual basis.
4. Developing and implementing district policies and procedures for all critical business functions
5. Developing and implementing grant management procedures and internal controls

If the District is determined to be a "high risk" district, it shall comply with all of the additional requirements as imposed by the federal granting agency and/or pass-through entity. In addition, the District shall develop and implement strategies to correct the identified deficiencies in an effort to move to a "low risk" entity status.

No pre-award expenses shall be made by the District prior to the approval of the federal granting agency or pass-through entity. Non-authorized pre-award expenses, if any, shall be paid from local District funds, i.e. the General Fund.

Federal entitlement grant funds include, but are not limited to, No Child Left Behind (NCLB), Individuals with Disabilities Education Act (IDEA), and Carl D. Perkins. The "maximum" and/or "final" entitlement awards for the district are posted on the TEA Grants Management webpage at: <http://tea.texas.gov/index4.aspx?id=5040>. The grant consultant shall obtain the annual entitlement amounts and begin the grant development process with the appropriate stakeholders.

A list of competitive grants administered by the TEA is also posted on the TEA Grants Management webpage at: <http://tea.texas.gov/index2.aspx?id=2147487872>. The appropriate Campus Principal shall obtain the competitive grant information to determine whether the grant(s) is appropriate for the district. Some competitive grants may have matching-funds and/or in-kind payment requirements which may place a burden on the district's available financial resources.

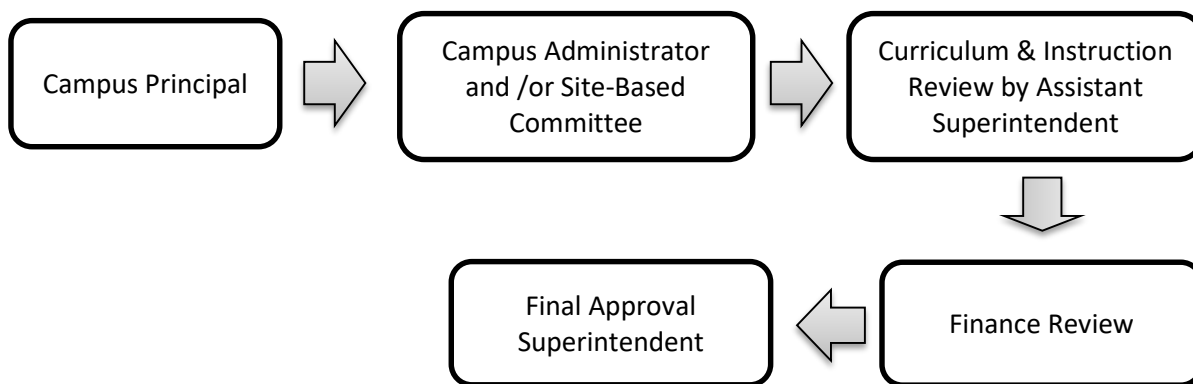

TEA's Grant Opportunities webpage provides a wealth of information related to available grants such as: [<http://burleson.tea.state.tx.us/GrantOpportunities/forms/GrantProgramSearch.aspx>]

Specific grant activities to support the academic program at a campus should be reflected in the Campus Improvement Plan.

Illustration 2: Grant Application Approval Flowchart

The final approval of a grant application shall be the Superintendent.

The Grant Consultant shall work collaboratively with the finance department to ensure that all grant budget schedules are completed using the correct account code structure (as appropriate); the district's purchasing, travel and other procedures; and are adequately documented if prior approval is required by the granting agency or pass-through entity (TEA).

The Grants Consultant and/or Business Manager shall obtain pre-approval for the following activities which have been identified by the granting agency or pass-through entity (TEA);

- Student field trips TEA Division of Grants Administration form
- Hosting or sponsoring conferences -TEA Division of Grants Administration form
- Out-of-state travel - TEA Division of Grants Administration form
- Request for Approval of Special or Unusual Costs -TEA Division of Grants Administration form
- Request for Approval of Participant Support Costs-TEA Division of Grants Administration form

Grants that require matching or in-kind district contributions shall be evaluated for overall impact on the current and future district's local funds.

No federal grant funds shall be budgeted, encumbered, or spent until either of the following has occurred:

- grant has been approved by the granting agency and a Notice of Grant Award (NOGA) has been issued to the district; or
- the entitlement grant has been received by the district and the grant application has been submitted to TEA

[NOTE: TEA allows federal grant expenditures from the grant application "stamp-in date"; however, expenditures that require TEA's specific approval and not approved until the NOGA is issued.]

The Business Manager shall notify the Campus Principals when the funds have been budgeted and are ready for expenditure by the appropriate campus or department.

902.2 General Provisions and Assurances

General Provisions and Assurances apply to all grants administered by TEA. Additional provisions and assurances may apply to specific grants. The Grant Consultant and Business Manager shall inform all staff involved in the expenditure of grant funds of the provisions and assurances for each grant program, as appropriate. Numerous resources are available on TEA's Provisions and Assurances web page at: <http://tea.texas.gov/FinanceandGrants/Grants/AdministeringaGrant/ProvisionsandAssurances/>

902.21 Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion

The district must not award a contract to a vendor which is debarred or suspended or is otherwise excluded from or ineligible for participation in federal grant award programs.

The finance department (purchasing) shall verify the eligibility of each vendor with this certification requirement by requesting that the vendor execute a Certification regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion for Covered Contracts and Grants Form before awarding a contract and/or issuing a purchase order. A copy of the Certification Form shall be maintained with the contract and/or purchase order for audit purposes.

The finance department [purchasing] shall monitor ongoing contracts to verify the contractor's compliance with the debarment, suspension, ineligibility and voluntary exclusion provisions. In the event that a vendor is suspended or debarred during a contract, the district shall continue the contract in force until the contract lapses. The contract term shall not include any extensions to the original term of the contract. The website www.sam.gov should be used to verify that vendors are not on the State of Texas or Federal debarred lists.

902.22 Lobbying Certification

For all federal grants in excess of \$100,000, the district shall certify on the grant application that no federal grant funds are expended for the purpose of lobbying. The finance department and applicable Campus Principals shall jointly execute a Lobbying Certification Form Standard Form -LLL Disclosure of Lobbying Activities, as applicable, if the district used funds other than federal grants for lobbying activities.

The Business Manager shall ensure that all contract award documents with federal grant funds contain the appropriate lobbying certification language.

902.3 Budgeting Grant Funds

The Business Manager shall budget grant funds in the appropriate fund code as authorized by Financial Accountability System Resource Guide, or the granting agency, as appropriate. In addition, the object expenditure codes noted on the grant application shall be consistent with the budgeted account codes. For example, if the grant application included \$2,000 for "6219 Professional Services", the budget shall include an appropriation for Professional Services in object code 6219. However, if the intent was to expend funds to pay a Math Consultant, the grant application may need to be amended to move the "6219 Professional Services" funds to the correct object code "6299 Other Professional Services". All expenditures shall be made from the correct FASRG object code.

Federal grant funds shall be budgeted and available for use no later than 30 days after receipt of the NOGA or from the stamp-in date.

Budget amendments, if any, shall be approved by the Business Manager, to ensure that the reclassification of funds is allowable under the grant management guidelines related to budget amendments. Some grants allow a transfer of funds, up to 25% of the grant award, but only within the same object class and if the new object code does not require specific approval from the granting agency.

The TEA Grants Division has developed guidance related to "When to Amend" grants administered by the TEA. The guidance document is posted on the TEA website at: [http://tea.texas.gov/Finance and Grants/Administering a Grant.aspx](http://tea.texas.gov/Finance%20and%20Grants/Administering%20a%20Grant.aspx).

The guidance document contains the following guidance:

1. Use Table 1 for federally funded grants and for grants funded from both federal and state sources.
2. Use Table 2 for state-funded grants. Refer to the "Select Grantees" column if the NOGA is for over \$1 million.

In addition to TEA's guidelines, federal regulations require that the district amend the grant application when we deviate from the original scope or grant objectives. Other amendments may be necessary when the district changes the designated Grant Manager, disengages from grant activities for more than three (3) months, or a 25% reduction in the time devoted by a grant manager.

The Grant Consultant shall monitor the need for amendments at least quarterly throughout the grant period and at least one (1) month prior to the grant amendment deadline, if applicable. If an amendment is necessary for any of the reasons specified by the pass-through entity (TEA) or in federal regulations, the Grant Consultant shall initiate the amendment process and collaborate with the Business Manager prior to submission of the grant shall approve all federal grant amendments. The approval process of a grant amendment shall be the same as the grant application process, i.e. the Superintendent shall approve all federal grant amendments.

The finance department, Business Manager, shall be responsible for ensuring that the finance system budget corresponds to the most recent grant NOGA.

902.4 Standards for Financial and Program Management

The District must comply with all requirements of federal grant awards including the provisions of the Federal Funding Accountability and Transparency Act (FFATA) and the Financial Assistance Use of Universal Identifier and Central Contractor Registration (CCR).

2. The Total Compensation and Names of the top five executives if:
 - a. More than 80% of annual gross revenues from the federal government, and those revenues are greater than \$2SM annually and
 - b. Compensation information is not already available through reporting to the SEC.

902.41 Financial Management

The District's financial management system, TxEIS, shall be utilized to expend and track all federal grant expenditures. The financial management system shall be maintained in a manner that provides adequate internal controls over the data integrity, security and accuracy of the financial data. The financial management system must contain information pertaining to all federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation. All expenditures of federal grant funds shall be in accordance with the district's written procedures such as cash management, accounts payable, purchasing, travel, allowable costs, capital asset tracking, contract management, and other procedures, as appropriate.

Records Retention

The financial management system shall be utilized to store, maintain, and report all required federal grant information. Consequently, the district shall ensure that access to the data is restricted to authorized individuals in accordance with the district's Data Security and Access policies. In addition, the district shall retain all federal grant records for a period of five (5) years in accordance with the district's Local Records Retention Plan (2 CFR §200.333). [Note: The district's retention period exceeds the three (3) year retention period required in the EDGAR.] The district's Record Management Officer (RMO), Superintendent or designee, shall be responsible to ensure that all records are retained, stored and accessible, as appropriate.

List of Federal Grant Awards

A list of all federal grant awards shall be maintained to include all EDGAR required data (denoted with an*) and district-required information listed below:

- The CFDA title and number*,
- Federal award identification number and year*,
- Name of the Federal agency*, and
- Name of the pass-through entity*, if any.

Subgrants, if any,

- TEA-assigned risk level for each grant, as appropriate.

The district shall maintain grant-related records in a combination of paper and electronic formats. The previous listed records shall be maintained in paper and/or PDF format (2 CFR §200.335).

On at least a quarterly basis, the Business Manager shall review the status of each federal grant fund. The review shall include a comparison of budget to expenditures.

902.42 Internal Controls

The district's Internal Control Procedures over financial management, developed in accordance with the Internal Control Integrated Framework (COSO), shall be made available to all staff *involved* in the management of federal grant funds. The internal control procedures shall be reviewed on at least an annual basis and updated as appropriate. If any weakness in an internal control is detected, the internal control procedures shall be revised to incorporate the weakness(es) at either the annual review or as the need arises dependent upon the severity (materiality) of the weakness.

The Business Manager shall be responsible for the annual review and update of the Internal Control Procedures.

902.43 Bonds

If the granting agency requires that the district obtain bonding and/or insurance for a specific project, the district shall ensure that the bonds are obtained from a company that holds a certificate of authority as specific in 31 CFR Part 223, Surety Companies Doing Business with the United States.

The Business Manager shall be responsible for obtaining insurance and/or bonding, as appropriate.

902.44 Payment

Payments to vendors shall be made promptly in accordance with federal regulations and state law. Specifically, in accordance with the Texas Prompt Payment Act, the district shall pay all invoices within 30 days of receipt of the goods/services and the invoice, whichever is later.

The district has determined that it will not accept advanced payments for federal grant funds. Acceptance of advanced payments require depositing of the funds in an interest bearing bank account, tracking of interest earnings, and return of all investment earnings in excess of \$500 per year to the granting agency.

The district shall seek reimbursement for federal grant expenditures, rather than using an advanced payment method (2 CFR §200.305). Consequently, the district shall prepare and submit a "draw-down" of federal grant funds only after the payments have been made and distributed to the vendor via mail, e-payables or other delivery method. The draw-down of expended funds shall be net of all rebates, refunds, contract settlements, audit recoveries and interest earned, as appropriate. The Business Manager shall be responsible for preparing and certifying the draw-down of federal grant funds. All draw downs shall be recorded on the general ledger as a receivable when the draw-down process is complete and posted to the cash account upon receipt of the receivable.

To ensure that the district does not draw down any advanced funds, the draw down shall occur after the 10th of the following month to ensure that all payroll-related liabilities, such as federal taxes and Texas Teacher Retirement System deposits, have been disbursed from the districts bank accounts. The draw-down of payroll expenditures shall be net of all accrued wages and payroll liabilities.

902.45 Cost sharing or matching funds

The Grant Consultant and Business Manager shall ensure that requirements for cost sharing and/or matching funds are approved through the grant approval process prior to the submission of the grant. At a minimum, the Business Manager and Campus Principal must approve the commitment of all cost sharing and matching grant funds.

If cost sharing or matching funds are required as part of a federal grant award, the required direct or in-kind expenditures should be recorded and tracked on the general ledger. If matching grant funds are required in the General Fund (Fund 199), the district shall utilize a sub-object to separately track the expenditures for reporting and compliance purposes.

All staff paid with cost sharing and matching funds, shall be subject to the Time and Effort Documentation requirements.

Cost sharing and matching funds that are as a result of donated services or supplies, shall be recorded and tracked in accordance with the federal regulations (CFR §200.306).

902.46 Program Income

The district will not generate any program income as part of a federal grant award. Federal regulations (CFR §200.307) allow the district to generate program income to offset federal grant award costs. Income earned, if any, must be expended in accordance with the grant requirements.

In the event that the district opts to generate program income as part of a federal grant award in the future, all recommendations for program income activities, shall be reviewed and approved by the Business Manager and Program Coordinator (if applicable).

If program income activities are approved, the Program Coordinator over the activities shall ensure that the costs of generating the program income are not federal grant funds, are nominal in cost, are offset from the program income and meet all of the federal requirements. The TEA Division of Grant Administration Request to Add Program Income to Federal or State Grant Award and Expansion Delivery of Programmatic Services Form shall be used to request authorization to use any program income to support a state or federal grant.

The district shall not retain any program income earned through a federal grant program.

902.47 Period of performance (Obligations)

All allowable grant expenditures shall be incurred during the grant period, i.e. begin date and end date of the federal grant award as designated on the Notice of Grant Award (NOGA). The Grant Consultant shall notify the appropriate departments, such as Purchasing, Human Resources, Finance, Payroll, etc. of the grant periods for each federal grant award to ensure compliance as noted below:

- No employee shall be hired and paid from federal grant funds except during the federal grant period
- No purchase obligation shall be made from federal grant funds except during the federal grant period
- No payroll or non-payroll expenditures shall be made from federal grant funds except during the federal grant period

The district's Purchasing Deadlines have been established to facilitate the purchase of all goods and service within the fiscal year and/or grant period. The purchasing deadline for non-federally funded purchases is May 1st of each fiscal year. The purchasing deadline for federally funded purchases will follow this same deadline, unless the deadline is adjusted to fall within the grant's period of performance. At a minimum, the purchasing deadlines for federally-funded purchases shall end approximately two (2) months prior to the end of the grant period to ensure receipt and use of the goods or services for the intended grant activities.

All obligations with federal grant funds must occur during the grant period. Obligations that occur before or after the grant period are not allowable costs. The obligations must be liquidated in accordance with the grant deadlines, especially as they relate to the final draw-down of federal grant funds.

Guidance regarding the obligation of federal grants funds can be found in TEA's General and Fiscal Guidelines.

Excerpt from guidelines is noted below:

An obligation occurs depending upon the expenditure, as described in the following table.

If the Obligation Is For-	The Obligation Is Made-
Acquisition of real or personal property	On the date the grantee makes a binding written commitment to acquire the property
Personal services by an employee of the grantee	When the services are performed
Personal services by a contractor who is not an employee of the grantee	On the date on which the grantee makes a binding written commitment to obtain services
Performance of work other than personal services	On the date on which the grantee makes a binding written commitment to obtain the work
Public utility services	When the grantee receives the services
Travel	When travel is taken
Rental of real or personal property	When the grantee uses the property

The Business Manager shall monitor the expenditures during the grant period to ensure that the funds are spent in a systematic and timely manner to accomplish the grant purpose and activities. The following timeline shall be used as a general guide for spending thresholds for a grant period of 15 months. The optimal spending thresholds noted below may be adjusted based on programmatic needs. For example, if the federal grant will be used for summer activities such as summer school, a larger percentage of the grant will need to be withheld for those specific activities.

- Within 3 months of the grant start date 25%
 - Within 6 months of the grant start date 50%
 - Within 9 months of the grant start date 75%
 - Within 12 months of the grant start date 100%
- date

902.5 Procurement Standards/Expenditure of Grant Funds

Expenditures of grant funds shall be through the purchasing, finance or payroll department processes in place for non-grant funds, but shall have additional requirements as noted below to ensure full compliance with federal cost principles.

902.51 General Procurement Standards

The district has elected to implement the 1-year grace period (till July 1, 2017) for implementing the procurement rules of EDGAR (2 CFR §200.110).

The district shall utilize a purchase order and encumbrance system to manage the expenditure of all federal grant funds unless other methods such as credit cards or direct payments, etc. are authorized in the district's operating procedures. All purchases shall be in accordance with the district's School Board Policies (CH Legal and Local) and the district's Purchasing Procedures.

The district purchasing procedures shall comply with all federal, state and local procurement requirements.

The Business Manager shall be responsible for ensuring compliance with all federal, state and local procurement requirements and for ensuring that the district maintains an up-to-date procurement history to include, but not limited to, the information below:

- Advertisement date(s) of the procurement
- Release date of the procurement specifications
- Selection criteria for vendors
- Opening date of the procurement
- List of vendors submitting a proposal/bid
- Selection of Vendor
- Date of contract award
- Begin date of contract
- End date of contract

The procurement history records and other procurement records shall be retained in accordance with the federal, state and/or local retention periods, whichever is greater. The procurement records shall be made available to the federal granting agency, pass-through entity (TEA), and auditors, as appropriate.

Purchasing Efficiency Strategies

All purchases with federal grant purchases shall be in accordance with the federal regulations, specifically 2 CFR §200.318. All purchases shall be purchased from a variety of qualified vendors with the ability to perform successfully under the terms and conditions of a proposed procurement. The district shall strive to avoid acquisition of unnecessary or duplicative items. The district shall implement the following strategies to maximize federal grant funds:

- Consolidation of purchases to obtain volume pricing, as appropriate
- Evaluate the cost efficiencies of leases versus purchases of equipment
- Utilize cooperative purchasing agreements, as appropriate, to obtain volume pricing
- Utilize federal or state excess/surplus property supplies or equipment in lieu of purchasing new supplies or equipment, as appropriate
- Utilizing value-engineering in construction projects to seek cost reductions
- Develop vendor selection criteria to select the best vendor

- Develop a tracking system of all informal and formal procedures
- Avoid "time and materials" contracts if other alternatives exist
- Monitor vendor performance to ensure that the vendor provides the services and/or goods, as appropriate
- Ensure that all contract and vendor disputes are resolved in the most advantageous manner
- Minimize the risk of jurisdictional issues by ensuring that all contracts would be litigated in a court within the county, city and/or state, as appropriate

The district shall complete a review of the procurement system on at least an annual basis to self-certify that the procurement system is efficient and effective. The Business Manager shall oversee the completion of the self-certification. The results of the certification shall be distributed to all grant management staff. If deficiencies are noted, the Business Manager shall develop a Corrective Action Plan to remedy the deficiencies, as appropriate.

Conflict of Interest

The Superintendent shall execute an Organizational Conflict of Interest document to disclose if any conflicts exist in the application, receipt of, or expenditure of federal grant funds.

The Assistant Superintendent, Business Manager, Campus Principals, Human Resource Coordinator, and Operational Directors [Food Service, Maintenance, Transportation and Technology Director] shall each execute a Conflict of Interest Form to disclose a conflict of interest, as appropriate, related to the awarding of a contract or substantial expenditures with federal grant funds. Substantial expenditures shall be defined as a purchase in excess of \$5,000.

A conflict of interest would arise when an employee, officer, agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. In addition, no employee, officer or agent of the district may neither solicit nor accept gratuities, favors or anything of monetary value from contractors or parties to subcontractors. All employees shall comply with the Educators' Code of Ethics (DH Exhibit). Violators of the Code of Ethics shall be subject to disciplinary action, including but not limited to, termination of employment with the district (2 CFR §200.318(c)(1)).

902.52 Vendor Competition

The finance/purchasing department shall be responsible for selecting and awarding contracts to vendors that are qualified to provide the goods and/or services to be purchased with federal grant funds. The vendor selection process shall ensure that the district does not restrict competition among qualified vendors.

Vendor Selection Criteria

The district has selected vendor qualification criteria that includes, but is not limited to, the following:

- Past experience with the district
- Cost of goods and services, including future costs of maintenance
- Vendor's financial stability and position as it relates to the ability to provide the goods and/or services
- Small, minority, woman-owned, or labor surplus area firms
- Other criteria as reflected on the Vendor Management Procedures

The district shall not restrict vendor competition by requiring any of the following as selection criteria (2 CFR §200.319(c)(1):

- Unreasonable requirements, such as excessive experience or bonding, brand name products or geographic preferences that would unduly restrict competition among qualified vendors
- Arbitrary restrictions that are not essential to the bid/proposal specifications

- Is licensed or registered with the State of Texas to perform the contracted services, as appropriate
- Has obtained the minimum insurance limits and/or bonding established by the district, as appropriate
- Has disclosed any felony convictions and/or criminal history, as appropriate

All vendors shall complete the appropriate vendor forms as required by federal or state regulations and the district. The district requires that every vendor have the following documents on file:

- **Vendor application file (new vendors)**
- **Form W-9 - Internal Revenue Service**
- **Conflict of Interest Questionnaire (CIQ) -Texas Ethics Commission**
- **Felony Conviction Notice**
- **Fingerprinting (If working directly with students)**

The district shall develop written bid/proposal specifications that are provided to every qualified vendor to ensure consistency in the procurement process. At no time shall the district allow a specific vendor to develop the bid/proposal specifications as this may provide a barrier to open, competition among the qualified vendors. The bid/proposal documents must include guidance to vendors regarding the following:

- Time, date and place of bid/proposal opening
- Anticipated award date, as applicable
- Written specifications and addendums, as appropriate
- List of all bid/proposal required documents such as CIQ, Felony Conviction Notice, etc.

The district shall use one of the procurement methods allowed by federal regulations to procure goods and services with federal grant funds. In addition, the district shall comply with state purchasing laws and local Board Policy, CH Legal and Local. The procurement method shall be determined based on the type of goods or services to be purchased with federal grant funds. The Superintendent shall be responsible for selecting the appropriate procurement method for each procurement.

The district shall adhere to the *most restrictive* federal regulations, state laws, local policies and/or procedures when the guidance documents are in conflict (2 CFR §200.320). The district has developed and implemented a Purchasing Levels and Requirements Chart for non-federal and federally-funded purchases. The chart includes the following data:

- Purchase Commitment Amount
- Support [Documentation] Required
- Additional Forms Required, if any
- RFP/RFQ Requirement
- Board Approval Requirement

Micro Purchase Procedures

The **Procurement by Micro-purchase** may be most frequently used method due to the frequent purchase of goods or services that are less than \$3,000, as defined in 2 CFR §200.67. The district shall purchase goods and services under this method from among qualified vendors, but will not competitively procure the micro-purchases, unless in the aggregate in a 12-month period (fiscal year), the district exceeds the state law thresholds, or the district's threshold in Board Policy CH Legal or Local. The finance/purchasing department shall distribute micro-purchases equitably among qualified vendors.

Small Purchase Procedures

The **Procurement by Small Purchase Procedures** shall be used by the district when the purchases of goods or services do not exceed \$150,000, the Simplified Acquisition Threshold (2 CFR §200.88). The purchasing department shall require written, emailed or faxed quotations from at least three (3) qualified vendors for all small purchases, i.e. purchases that do not exceed \$50,000. The district shall strive to obtain small purchases from qualified vendors under a Cooperative Purchasing Program. The district is currently participating in the following cooperative purchasing programs:

- **TASB - Buy Board**
- **Region 6 - Epic 6**
- **Region 8 -TIPS USA**
- **Region 20 - PACE**
- **Region 10 – MRPC**
- **Sourcewell**
- **Omnia (US Communities)**
- **DIR**
- **Choice Partners/ HCDE**

Sealed Bid Procedures

The **Procurement by Sealed Bids** method shall be used by the district when the purchase of goods or services exceed \$150,000 if the acquisition of the goods or services lends itself to a fixed price contract and the selection of the successful bidder can be made principally on the basis of price. The district shall comply with the sealed bid requirements, as defined by the EDGAR, as noted below:

- Bids must be solicited from an adequate number of bidders, but no less than two (2) bidders.
- Bids must be publicly advertised and bidders shall be provided an adequate amount of time to prepare and submit their bid.
 - The district shall publicly advertise all bids in accordance with state law, i.e. at least two (2) times in two separate weeks.
 - The district shall provide no less than ten (10) days for bidders to prepare and submit their bids.
- Bids must contain detailed specification to ensure that bidders have a clear understanding of the goods and services that the district is seeking to purchase.
- Bids must specify the time, date, and district location where the bids will be opened publicly.
- Bids must be awarded based on a fixed price contract to the lowest responsive and responsible bidder. The district shall consider discounts, transportation costs, and life cycle costs only if these factors were included in the bid specifications. The district will consider payment discounts because the district does routinely take advantage of payment discounts.

- Bids will be evaluated, ranked, and a recommendation for award be made to the Board of Trustees at a regularly scheduled board meeting.
 - If no bidder is recommended, the district shall reject all bids and evaluate whether to modify the bid specifications to initiate a new bid process.
- The district shall notify the successful bidder and process the contract documents and/or purchase orders, as appropriate.
- The district shall notify all of the unsuccessful bidders to ensure that the qualified bidders are encouraged to submit bids during future bid opportunities.

Competitive Proposal Procedures

The **Procurement by Competitive Proposal** method shall be used by the district when the acquisition of the goods or services exceeds \$150,000 and does not lend itself to a fixed price contract. The district shall comply with the sealed bid requirements, as defined by the EDGAR, as noted below:

- Requests for Proposals (RFP) must be publicly advertised
- The RFP shall identify the evaluation factors and their weight in awarding the proposal
- Proposals shall be solicited from an adequate number of bidders, but no less than two (2) qualified vendors
- Proposals shall be evaluated, ranked and a recommendation for award made to the Board of Trustees at a regularly scheduled board meeting
 - The district shall develop an instrument to evaluate each proposal and rank the proposals based on the evaluation scores
 - The district shall evaluate each proposal by committee or no less than two (2) district staff with knowledge of the RFP specifications
 - In accordance with state law, the vendor who is ranked highest as providing the "proposal most advantageous to the district" shall be notified of the potential award
 - The district may negotiate with the vendor only as it relates to potential cost savings
 - If the district and vendor ceases to negotiate, the district shall notify the vendor in writing before starting to negotiate with the 2nd highest ranked vendor.

Noncompetitive Proposal Procedures

902.7 Cost Principles

All grant expenditures must be allowable under the Federal Cost Principles (2 CFR 200 – Subpart E), the grant application program assurances, the granting agency's policies, and the district policies and procedures.

The General Provisions for Selected Items of Cost (Cost Principles) are available on the Department of Education EDGAR web page.

The district shall adhere to the Cost Principles for federal grants [EDGAR SUBPART E] and any additional grant-specific cost principles. The general principles of EDGAR state that:

- Costs must be reasonable and necessary
 - A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.
 - Necessary is defined as costs needed to carry out the grant activities
- Be allocable to Federal awards
- Be authorized or not prohibited under State or local laws or regulations.
- Conform to any limitations or exclusions set forth in these principles, Federal laws, terms and conditions of the Federal award, or other governing regulations as to types or amounts of cost items.
- Be consistent with policies, regulations, and procedures that apply uniformly to both Federal awards and other activities of the governmental unit.

- Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
- Except as otherwise provided for in EDGAR, be determined in accordance with generally accepted accounting principles.
- Not be included as a cost or used to meet cost sharing or matching requirements of any other Federal award in either the current or a prior period, except as specifically provided by Federal law or regulation.
- Be the net of all applicable credits.
- Be adequately documented.

The district shall utilize the Allowability/Allocability of Cost Worksheet to verify that all proposed obligations and expenditures meet the Cost Principles. If the Worksheet reflects that the proposed obligation and/or expenditure is not allowable and/or allocable to a federal grant award, the district shall not make the obligation/purchase with the federal grant funds. Other funds, such as local funds, may be used to make the obligation/expenditure, as appropriate.

The **total cost** of a federal award is the sum of allowable direct and allocable indirect costs less any applicable credits. All refunds, rebates, discounts or other credits to grant expenditures shall be posted to the finance general ledger as soon as the credit is known. The district shall ensure that all known credits have been posted to the general ledger prior to the drawdown on federal grant reimbursements. The district shall post all credits [discounts, rebates, refunds, etc.] to the general ledger on a timely basis to ensure that the district does not draw-down grant expenditures in excess of actual expenditures net of all credits. Otherwise, the district may be considered to have drawn-down funds under an advanced cash method. The Business Manager shall ensure that all applicable credits have been posted to the general ledger prior to preparing and submitting a federal grant draw-down request from the granting or pass-through entity.

All direct district costs with federal grant funds, shall meet the minimum requirements of allowability as specified in the 2 CFR §200.302 and 2 CFR §200.403. In addition, the costs must meet the general provisions for selected items of cost (2 CFR §200.420). Specific items not listed within these procedures shall be evaluated by the Grant Manager and Finance Department on case-by-case basis for allowability.

The general cost allowability rules for specific items of cost listed within these procedures shall apply to all federal grant funds, unless more restrictive allowability rules are required by a particular federal grant award. **The district shall adhere to the more restrictive allowability rules when a conflict arises between the general allowability rules, the program-specific allowability rules and the district's allowability rules.**

Transfer of Personnel

When staff in a position funded with grant funds is recommended for transfer to another campus, department, or assignment, the grants management, human resources, and finance departments shall work collaboratively to ensure that the appropriate staff allocations and funding changes are made at the time of the transfer. The home campus or department shall initiate the request for the transfer, especially if it is a teaching assignment change at a campus. The Grant Consultant, human resources and finance departments must evaluate the requested transfer to ensure that the staff allocations, highly qualified staff requirements, and funding source changes are in compliance with grant requirement. For example, if an elementary principal requests to transfer a Title I Reading teacher to a Pre-Kindergarten regular classroom teacher, the following considerations should be evaluated by the respective departments:

1. HR— ensure that a vacancy exists in a PK teacher position and that the teacher recommended for transfer is certified to teach PK;

[Note: It is recommended by the TEA that a job description for each stipend role include the duties related to the grant purpose and the grant funding source.] The School-Board approved Stipend and Extra Duty Pay Schedule shall be used to compensation all substitute teachers whether paid from local, state or federal grant funds.

The finance department shall ensure that the expenditures for stipend and extra duty pay are budgeted and expensed from the appropriate account code(s). The stipend and extra duty pay rates shall be the same as the rates used for similar locally funded activities.

902.73 Time and Effort Documentation

District staff funded wholly or partially with federal grant funds shall comply with federal guidelines related to time and effort. The grant funded staff, their immediate supervisors, grants management, human resources, and finance departments shall be aware of the federal guidelines related to time and effort documentation.

The district shall collect and monitor time and effort documentation for district employees only.

Time and effort documentation does not apply to Independent Contractors.

The district shall comply with all federal time and effort documentation guidelines. The home campus or department, human resources, and finance departments shall work collaboratively to ensure that the roster accurately reflects that data maintained in their respective area of responsibility. Discrepancies, if any, in the roster shall be brought to the attention of the finance department.

The review of the roster shall include, but not be limited to the following:

The Grants Consultant, human resources and finance departments shall work collaboratively to adjust the budget and payroll account code distributions of grant funded staff if the time and effort documentation consistently reflects that the percentage(s) across the funding source(s) is not a true reflection of the normal work schedule.

Time and effort requirements for staff funded 100% from one grant (or working 100% of their time in a single cost objective)

The staff funded 100% from one grant source do not have to maintain periodic time and effort records. However, all employees must certify in writing, at least semi-annually, that they worked solely on the program for the period covered by the certification. The employee and his/her immediate supervisor must sign the Semi-Annual Certification Form (sample in Exhibit Section).

The time line for semi-annual certifications shall be once per academic semester to coincide with teaching assignment each semester. The immediate supervisor shall submit all signed semi-annual certifications to the Business Manager as noted below:

The Business Manager shall collect and review all Semi-Annual Certification Forms. Any certifications that reflect a percentage other than 100% shall be used to support an adjustment of the grant payroll expenditures for the certification period. [Note: Steps should also be taken to ensure that the staff member's work schedule is adjusted to 100% grant related, or is changed from the semi-annual certification method to time and effort reporting.]. The Business Manager shall file the certifications for audit purposes.

The Business Manager shall prepare and post a journal ledger entry to correct the account distribution code(s) as appropriate.

Time and effort requirements for staff split funded

(funded from more than one (1) cost objective and/or grant programs)

- 1) Do not work 100% of their time in a single grant program
- 2) Work under multiple grant programs
- 3) Work under multiple cost objectives

These employees are required to maintain a Time and Effort Worksheet or account for their time under a substitute system. The district has not applied for, nor been approved by the Texas Education Agency to use the Substitute Time and Effort System; therefore, employees must prepare Time and Effort Worksheet at least monthly to coincide with the district pay periods. Such reports must reflect an *after- the-fact* distribution of 100 percent of the *actual* time spent on each activity and must be signed by the employee and their immediate supervisor. Charges to payroll must be adjusted to coincide with preparation and submittal of the interim expenditure report required for TEA discretionary grants.

Grant-funded staff under this category shall complete a Time and Effort Worksheet to include the date, grant source, percentage worked in the grant source per day and the summary for the month (or pay cycle). The staff member and his/her immediate supervisor shall sign the time and effort report. The timeline for time and effort reports shall be once per month to coincide with the monthly payroll cycle. Monthly payroll [25th of the month]-Time & Effort reports are due by the 10th of the month for the prior month.

The immediate supervisor shall submit all signed time and effort reports to the Business Manager.

The Business Manager review shall consist of the following:

- 1) A review of the time and effort reports to compare the summary percentage of grant-related work per funding source to the budgeted percentage utilized to charge the monthly (or semi-monthly) payroll charges
- 2) A test sampling of staff assignments, i.e. master schedule, duty schedule, etc. to verify the percentage of grant-related work per funding source
- 3) If the time and effort report reflects the same percentage, the report may be filed for audit purposes
- 4) If the time and effort report reflects a different percentage, the report shall be reconciled to reflect the correct payroll charges by grant funding source and adjustments of the payroll charges made on the general ledger.

The finance department shall prepare a journal entry to reclassify the expenditures as noted on the reconciliation of the time and effort report(s). According to federal regulations, the final amount charged to each grant award must be accurate, allowable and properly allocated. The finance department shall post all variances greater than 10% to the general ledger; otherwise, the variances shall be posted prior to the final expenditure report.

Note: The finance department should use caution to avoid excess drawdown of grant funds due to unallowable payroll costs if timely adjustments to the general ledger are not posted prior to the drawdown of funds.

Time and Effort Substitute System

The US Department of Education (USDE) and the Texas Education Agency (TEA) have authorized the use of a substitute system for time and effort. The district uses the Time and Effort Substitute System at this time.

902.74 Non-Payroll Expenditures

Direct non-payroll expenditures include contracted services, supplies, travel and equipment. The expenditure of federal grant funds for non-payroll costs shall adhere to the district's purchasing policies and procedures. In addition to the normal purchasing process, all grant funds must be approved by the Campus Principal for each respective grant program, as appropriate.

TEA Guidelines Related to Specific Costs

The district shall adhere to TEA's Guidelines Related to Specific Costs as published to the TEA website. A copy of the guidelines shall be made available to all staff with authority to initiate and/or authorize a purchase or expenditure with federal grant funds. In addition, all staff with authority to initiate and/or authorize a purchase or expenditure, such as campus bookkeepers, campus and department administrators, business office staff, and grant department staff shall receive a copy of the latest guidelines. The guidelines shall be incorporated in the annual training for all of these staff members.

Local Guidelines Related to Unallowable Costs

The district has developed local guidelines related to unallowable costs with federal grant funds. Although some of these costs may be allowable under the federal or state regulations, the district has determined that expenditures shall be unallowable with federal grant funds. The unallowable costs are noted below:

- Snacks that do not meet the Smart Snack federal and/or state guidelines
- Printing in color, unless deemed necessary for grant activities
- Meals (during a Working Lunch or Professional Development) that exceed \$20 per person
- Educational field trips to an amusement park
- Consultant fees in excess of \$1,000 per day, unless specifically approved as an exception by the Superintendent
- Incentives & Awards

Selected Items of Cost - Professional Services

902.75 Contracts and Professional Services with Grant Funds

All contracts and professional services agreements shall be reviewed and approved in accordance with the district guidelines for all non-grant funds. For example, if School Board Policy requires that all contracts that exceed \$25,000 be approved by the Board of Trustees, all federal grant contracts that exceed \$25,000 shall also be approved by the Board of Trustees. The district's Contract Management Procedures shall be adhered to in procuring, evaluating, selecting and awarding contracts. The vendor shall complete at a minimum, the following documents:

The final approval authority for all contracts shall be the Superintendent, unless the contract is over \$25,000, then the final approval authority shall be the Board of Trustees through approval at a regularly scheduled board meeting.

The date the district executes (signs) a contract for professional services shall be defined as the "obligation date". Since the district cannot obligate federal grant funds, except during the grant period, the district shall not execute a contract prior to, or after, a grant period; otherwise, the costs of the professional services shall be unallowable under the federal cost principles.

The district will execute a Letter of Intent to Contract with a third party prior to the issuance of a Notice of Grant Award (NOGA), as deemed appropriate.

All district contracts for professional services to be funded through a federal grant award shall comply with the following contract provisions as recommended in the Texas Education Agency's Guidance and Best Practices for Professional Services Contracts:

- All professional services provided under the contract will follow the provisions of 2 CFR §200.459 Professional service costs.

Fraudulent credit card purchases made with federal grant funds shall be grounds for disciplinary action, up to and including termination of employment. The appropriate legal authorities shall also be notified for criminal prosecution, as appropriate. Accidental use of a credit card to make an unauthorized purchase with federal grant funds may be subject to similar disciplinary action but shall require immediate (within 2 days from date of discovery) restitution to the district. **[Note: The fraudulent or accidental charges may not be charged to a federal grant fund, nor drawn-down as expenditures.]**

Petty Cash Purchases with Grant Funds

The district shall not use a petty cash account to make purchases with federal grant funds.

Note: The district shall not reimburse any purchases made with personal cash funds, except for travel-related expenditures, as appropriate.

902.77 Travel Expenditures with Grant Funds (Students & Staff)

The district may use federal grant funds for travel costs. All travel-related expenditures from grant funds shall comply with the allowable federal cost principles, the State Tex-Travel Guidelines, School Board Policy and the district's **Travel Guidelines** (2 CFR §474). The allowable rates of reimbursement shall be the lesser of the federal rates, state or local rates.

The travel-related expenditures with grant funds shall fall within the grant period, unless a specific exception is allowable by the granting agency.

902.78 Preparing Expenditure Reports & Draw Down of Funds

Draw-down of Grant Funds

The district shall on a quarterly basis, or as allowed or required by the grant guidelines, draw-down grant funds that have been spent in accordance with the grant guidelines. The draw-down shall be for all expenditures to date, less grant funds received to date, as verified by a financial general ledger. Note: The expenditures shall be net of all refunds, rebates, discounts, credits, and other adjustments, if any.

If the district has opted to operate under cash reimbursement program guidelines, the district shall submit a draw-down of federal grant funds only when the following has occurred:

- The expenditure has been made as evidenced by distribution of a paycheck to a grant funded staff member or mailing, e-paying, or delivering a payment to a vendor.
- Monthly payroll liability payments such as federal taxes, Social Security/Medicare taxes, Teacher Retirement System, wage garnishments and insurance/elective deductions have been distributed, as appropriate.
- Accrued wages (2161) and accrued liabilities (2211) shall be deducted from the expenditures reflected on the general ledger. [The accrued wages and liabilities represent future disbursements.]

At no time shall the district draw-down any "advanced" cash payments, unless specifically allowed by the granting agency.

The electronic draw-down of grant funds from the granting agency shall be initiated by the Business Manager. A detailed summary general ledger of each grant fund should be generated to determine if the district is entitled to draw-down funds, i.e. if the granting agency owes the district any funds. If the district has funds available for draw-down, the Business Manager shall review the following:

1. The detailed general ledger for any unusual charges or reclassification of expenditures
2. A review of A test sampling of either unusual or large expenditures to ensure that the expenditures were reviewed and approved by all designated staff
3. Monitor the percentage of expenditures-to-date to ensure that the grant funds are expended on a timely basis throughout the grant period. [Note: TEA may disallow grant fund expenditures that appear to be made outside of the grant period or so late in the grant period that the district and its student did not benefit from the delayed expenditure.]

If a grant has a matching requirement, the district shall draw-down only the allowable amount after verifying compliance with the level of matching expenditures.

The amount of the receivable shall be recorded on the general ledger and a copy of all supporting documentation such as the detailed general ledger and other supporting documentation shall be filed for audit purposes. The Business Manager shall prepare and post the journal ledger entry to the finance general ledger.

If manual approval of an electronic draw-down is required by the granting agency, the finance department shall comply with the manual requirements. For example, TEA at times requests supportive information related to a drawn down such as a detailed general ledger, narrative justification, or summary of expenditures by object code. Upon a request from the TEA, the Business Manager shall respond to the request within the allotted time to avoid designation as a "high risk" grantee.

The Business Manager shall be responsible to ensure that the requested draw down amount does not exceed a grant-specific draw down amount, or percentage. [Note: The NCLB draw down percentage is 20% per month and aggregates each month.]

The final draw down of grant funds from the granting agency shall be made within the allowable time frame. The grant liquidation guidelines shall be adhered to in making final payment for all goods and services received and *placed into service* before the end of the grant period. The draw down process shall be the same as the periodic draw down, except that all refunds, rebates, credits, discounts or other adjustments to the general ledger must be recorded in the general ledger prior to submitting the final draw down request. [Note: There shall be no outstanding purchase orders or pending liquidations at the time of the final draw down of grant funds.] The final draw down shall be reviewed and approved in the same manner as a periodic draw-down.

Federal regulations (2 CFR §200.415) requires that the district certify the accuracy of the annual and fiscal reports or vouchers requesting payments be signed by the authorized individual(s). The Business Manager shall certify every draw-down of funds, including the final expenditure report (draw-down of funds) as noted below:

By signing this report, we certify to the best of our knowledge and belief that the reports is true, complete and accurate, and the expenditures, disbursements and cash receipts are the purposes and objectives set forth in the terms and conditions of the federal award. We are aware that any false, fictitious, or fraudulent information or omission of any material fact, may subject us to criminal, civil, or administrative penalties for fraud, false statements, false claims or otherwise.

If a final draw down deadline is missed, the Business Manager shall contact the granting agency to determine if a process exists to request a filing deadline extension.

Note: TEA has developed procedures to request an extension for filing expenditure reports. The request form must be completed, signed by the Superintendent and filed with TEA within 30 days of the final expenditure report deadline.

The receivable from the granting agency shall be recorded in the general ledger. The same process for preparation and posting of the general ledger entry as a periodic draw-down shall be adhered to.

Note: The revenues realized and the expenditures should be equal at the time of the final draw down of grant funds.

Receipt of Grant Funds

All district staff, especially those assigned with federal grant duties, shall adhere to the Cash Management Procedures. Specifically, all cash received by the district shall be deposited, recorded reconciled by multiple individuals to ensure segregation of duties.

The district shall record all grant fund receivables upon receipt from the granting agency. The receipt of grant funds shall be posted to the general ledger to the appropriate receivable account code. In the event that the grant funds received do not match the recorded receivable, the Business Manager shall contact the granting agency to determine the discrepancy. If the granting agency has reduced and/or increased the grant funds paid to the district, a general ledger adjustment shall be posted to the appropriate revenue and receivable accounts. The Business Manager shall prepare and post the adjusting journal ledger entry to the finance general ledger.

The district will not maintain grant funds in a separate bank account.

The district has elected to draw down federal grant funds under the cash reimbursement program guidelines, i.e. after the delivery of the payment to the payee. No interest shall be earned, recorded, nor returned to the granting agency as a result of the cash reimbursement program.

Tracking and Recording Receivables

On at least a monthly basis, the Business Manager shall review all pending receivables. Aged receivables, defined as greater than 60 days from the date of recording, shall be investigated and resolved by contacting the granting agency.

At the end of the fiscal year, all known and measurable receivables shall be recorded to the general ledger to the appropriate grant code. The Business Manager shall prepare and post the journal ledger entry to the finance general ledger.

902.8 Grant Compliance Areas

The district shall ensure that it is in compliance with all provisions and assurances of all grant programs. In addition, the district shall comply with grant requirements such as *supplement not supplant*, comparability, indirect cost, and maintenance of effort spending levels.

902.81 Supplement, Not Supplant

The term -supplement, not supplant is a provision common to many federal statutes authorizing education grant programs. There is no single supplement, not supplant provision. Rather, the wording of the provision varies depending on the statute that contains it.

Although the definition may change from statute to statute, supplement not supplant provisions basically require that grantees use state or local funds for all services required by state law, State Board of Education (SBOE) rule, or local policy and prohibit those funds from being diverted for other purposes when federal funds are available. Federal funds must supplement-add to, enhance, expand, increase, extend-the programs and services offered with state and local funds. Federal funds are not permitted to be used to supplant-take the place of, replace-the state and local funds used to offer those programs and services. [TEA Supplement, Not Supplant Handbook, 2013]

The district process to ensure that all grant funded activities are supplemental shall be a collaborative effort between the Campus Principal, Grants Consultant and the Business Manager. All shall receive training and be aware of the supplement not supplant provisions.

The Campus Principal shall review and approve all purchase orders (and non-purchase order payments). The Campus Principal's review shall include a determination if the planned purchase and/or expenditure meet one of the following guidelines:

- 1) The grant funds will be used to enhance, expand, or extend required activities. Examples may include before/after tutoring, additional research-based instructional programs, or other supplemental expenditures not required by state law or local policy.
- 2) The grant funds will be used for specific grant activities included the grant application that are *above* and beyond the activities funded with local funds
- 3) The grant funds will be used to supplemental grant activities as noted on the DIP or a CIP.

Program-specific supplement, not supplant provisions shall be complied with in addition to the overall federal funds requirements.

902.82 Comparability

Comparability of services is a fiscal accountability requirement that applies to local educational agencies (LEAs) that receive funds under Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA), as reauthorized by the No Child Left Behind Act of 2001 (NCLB). The intent of the comparability of services requirement is to ensure that an LEA does not discriminate (either intentionally or unintentionally) against its Title I schools when distributing resources funded from state and local sources simply because these schools receive federal funds. [TEA Title I, Part Comparability of Services Guidance Handbook, 2013]

The finance department and Grant Consultant shall conduct the comparability test on an annual basis and complete the Title I Part A Comparability Assurance Document (CAD). [Note: If the district determines that it is exempt from the comparability requirements, the finance department shall note the exemption on the CAD and submit it to TEA.] If the district is not exempt, the finance department shall complete and submit the Comparability Computation Form (CCF) to TEA by the mid-November annual deadline.

In completing the CAD and CCF, the finance department and Grant Consultant, shall follow the process outlined below [and illustrated on the workflow]

- 1) Determine if the district is exempt from the comparability requirement. If so, complete and submit CAD and stop here.
- 2) If not exempt, the comparability testing process should continue as noted below:
 - a. List all campuses in the CCF comparability testing
 - b. Identify all campuses on the CCF as Title I Part A, skipped, or non-Title I Part A
 - c. Determine whether to include dedicated EE and/or PK campuses in the comparability testing
 - d. Select test method 1, 2, or 3 and use it consistently to all campuses being tested
 - e. Complete the CAD for review by the grant management department. After review and approval by the grants management department, the CAD and CCF should be forwarded to the Superintendent for signature.
 - f. Submit the CAD and CCF to TEA by the mid-November deadline

If TEA determines that the district is non-compliant, the Business Manager, Grant Consultant and Campus Principals shall work collaboratively to address the non-compliance. In addition, the district shall adjust the budgets as appropriate to until the district is in compliance with the comparability requirement.

902.83 Indirect Cost

Grantees must have a current, approved federal indirect cost rate to charge indirect costs to the grant. The indirect cost rate is calculated using costs specified in the grantee's indirect cost plan. Those specified costs may not be charged as direct costs to the grant under any circumstances. [TEA Indirect Cost Handbook, 2014]

The district has applied for an Indirect Cost Rate extension through the pass-through entity (TEA) for a 4-year period, from FY 2015 to FY 2018. After the extension period, the district shall apply for an indirect cost rate through the federal granting agency or pass-through entity (TEA) in accordance with the current regulations. The Business Manager shall complete and submit an Indirect Cost Rate Proposal by the established deadline as specified by the pass-through entity (TEA) on the Indirect Cost webpage at: <http://tea.texas.gov/index4.aspx?id=3842>

The district's Indirect Cost Rate, or the maximum allowable rate, whichever is less shall be used to post Indirect Costs for federal funds to the General Fund (if funds are not fully expensed at year-end). The Business Manager shall prepare a general ledger entry for the indirect costs and post the entry to the finance general ledger.

902.84 Maintenance of Effort

The district shall comply with the No Child Left Behind (NCLB) and Individuals with Disabilities Act (IDEA) maintenance of effort requirements.

NCLB MOE

Federal statute requires that local education agencies (LEAs) receiving Title I, Part A funds must continue to maintain fiscal effort with state and local funds. An LEA may receive its full Title I, Part A entitlement if either the combined fiscal effort per student or the aggregate expenditures for the preceding fiscal year was not less than 90 percent of the combined fiscal effort or aggregate expenditures for the second preceding fiscal year. Maintenance of Effort (MOE) is determined using state and local operating expenditures by function, excluding expenditures for community services, capital outlay, debt service, and supplementary expenses as a result of a Presidential declared disaster, as well as any expenditures from funds provided by the federal government. [TEA NCLB MOE Handbook]

The Business Manager shall compute the MOE using the TEA NCLB LEA MOE Determination Calculation Tool during the budget adopted process and at the end of the fiscal year. Non-compliance with NCLB MOE will result in a reduction of NCLB funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the finance department shall plan for the reduction of grant funds at the local level. If the NCLB MOE falls below the required level, the finance and grant management departments shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

IDEA-B MOE

An LEA that accepts IDEA-B funds is required under IDEA-B to expend, for services to students with disabilities, at least an amount equal to 100% of the state and/or local funds it expended on students with disabilities during the previous year. Federal law provides four methods of demonstrating compliance (or "maintaining effort"), as described in the Methods of Determining Compliance section. [TEA IDEA-B MOE Guidance Handbook, 2014]

The Business Manager shall compute the MOE using the TEA IDEA-BLEA MOE Calculation Tool during the budget adopted process and at the end of the fiscal year. Non-compliance with IDEA-B MOE will result in a reduction of IDEA-B funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the finance department shall plan for the reduction of grant funds at the local level. If the IDEA-B MOE falls below the required level, the finance and grant management departments shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

Note: The finance department shall code all special education expenditures that qualify as exceptions to a specific sub-object for tracking purposes. For example, if the district makes a long term purchase of equipment for a special education student, the district should track that expense separately to apply that cost as an exception during the MOE calculation.

As part of the IDEA-B grant application process, the Grant Manager will need to know the prior year Special Education expenditures and the next fiscal year budgeted Special Education Expenditures. The Business Manager shall provide these amounts to the Bell County Special Education Cooperative not later than June 30th to ensure that the most accurate amounts are reflected in the grant application. Changes to these amounts, as they are known, by the Business Manager shall be submitted to the Bell County Special Education Cooperative, as appropriate.

902.85 Reporting Requirements

The district shall ensure that all reporting requirements for grant programs are met within the established timelines. A master list of all activity, progress, evaluation, and expenditure reports shall be created to include the grant program, report due, responsible person(s), and due date. Completion of the reports may require the collaboration of several departments; however, the ultimate responsibility for the reporting requirements shall be noted as below:

- 1) Programmatic reports such as activity, progress and evaluations - Campus Principals
- 2) Expenditure reports such as interim, draw down and final expenditure reports—
Business Manager
- 3) Compliance reports such as Comparability, Maintenance of Effort, Indirect Cost, etc. -
Business Manager
- 4) Highly Qualified Staff reports— Human Resources Coordinator

The Grant Consultant and Business Manager shall monitor the overall master list to ensure that all reporting requirements have been completed by the appropriate campus and/or department.

902.86 Grant Monitoring and Accountability

The district shall ensure that all grant funds are consistently monitored throughout the grant period.

The monitoring shall include, but not be limited to:

- Compliance with federal requirements such as cost principles, audit, reporting requirements, etc.
- Monitoring of grant expenditures are properly documented and meet all allowable costs
- Monitor grant performance such as internal controls, audit findings, over/under expenditures, etc.
- Implement strategies to deter, mitigate and eliminate waste and fraud in the expenditure of grant funds

The Campus Principal for each federal grant shall be responsible for the programmatic and evaluation compliance and the Business Manager shall be responsible for the financial compliance.

The Campus Principal shall monitor the timing of grant activities throughout the grant period, especially as they relate to the desired outcomes. The Business Manager shall monitor the timing of grant expenditures, especially as they relate to the period of availability of grant funds. If either the grant activities or grant expenditures reflect that the district will not accomplish the grant activities during the grant period, the Campus Principal and Business Manager shall work collaboratively to develop an action plan to ensure that the federal grant goals are met. The oversight of grant activities and expenditures shall include, but not be limited to, the following:

- Cost overruns or high unit costs
- Construction projects - certification of project completeness (as evidenced by the AIA)
- Significant developments that may result in an inability to complete the grant activities

The district shall maintain documentation to support all grant expenditures and provide the documentation upon request to the district's external auditors, granting agency or other oversight agency, as appropriate.

Auditing findings or deficiencies shall be addressed in a timely manner upon receipt of the notification. The finance, human resources, Campus Principals and grant consultant shall work collaboratively to develop and implement a Corrective Action Plan to resolve the findings or deficiencies. The Superintendent or designee, shall approve the Corrective Action Plan and monitor the timely implementation of corrective strategies.

The district shall disclose to the granting agency if any federal grant funds have been subject to fraud to district staff and/or contractors (vendors). Corrective actions, as appropriate, shall be implemented to remedy the loss of grant funds due to fraud.

Remedies for Non-Compliance

The district may be subject to consequences due to non-compliance with federal regulations. The district shall strive to maintain compliance, but shall respond appropriately to all notifications of non-compliance from the federal granting agency or pass-through agency (TEA).

Grant Closeout Procedures

The district shall submit all grant closeout documents to the granting agency or pass-through agency, as appropriate. Grant closeout procedures shall include, but not be limited to:

- Ensure that no obligations are made after the grant period end date
- Liquidate all obligations incurred during the grant period
- Submit the final grant program performance report, if any
- Submit the final grant expenditure report, if any
- Drawdown all the expended grant funds (reimbursement request) -Match the grant expenditure draw-downs with the finance general ledger
- Certify that the final draw down of federal grant funds is accurate (Certification)
- Refund any excess grant funds, interest, or other payables to the granting agency or pass-through agency
- Account for any real and/ or personal property on hand at the end of the grant period
